to see how we stopped the MILLION DOLLAR PARANORMAL challenge..... watch carefully the consequences of Randi's *idea*.....

For over 40 years James Randi Zwigert (is this even a REAL NAME?) has had total control over who and how the testing was conducted, yet despite all this he has terminated the challenge.

The ONLY REASON why the challenge was stopped is because he lost and refused to pay.

Apparently, Randi likes to break the rules when it serves him:

"14. This prize will continue to be offered until it is awarded. Upon the death of James Randi, the administration of the prize will pass into other hands, and it is intended that it continue in force. "

Great force.....it's over.....

where is my MILLION DOLLARS, you LITTLE *NO-NAME* FRAUD
PS: Almost Forgot: Love the IRONY of the *BULLSHIT* sign over Randi's ugly head....
