
I think I figured out why I'm here

Posted by Paul Bunyan - 2008/03/09 07:56

I work with a half a dozen guys who are (or did) going to Bethel College to be pastors.
Their starting to drop the subject in the breakroom.
I don't completely shut down the topic, just throw little bits out there at a time.

How do you work with so many people who are going, or were trying to be, pastors? Do you work at a christian bookstore, or WalMart?
