Went to B&N and got this book, every book I asked for they had to order or not out yet, so I grabbed this one.  
I never voted for Jesse or read other books of his.  
Anybody else hear his speach at the Ron Paul convention?  
I heard it on WWCR (yeah world wide christian radio on shortwave)  
He ended saying " ... the truth is in within ourselves"

Did they do that at the Ron Paul rally ?  
I wanted to go ,but pay \$17 and have to sit thru everybody talking to them selfs, I would have been discused

Still haven't started to get into this book,next time I go to the laundrymat.

Kinda wanna get Orwell's 1984 book next.

Anybody else listen to that belly-aching doomsday guy on shortware? on WWCR  
Other day they were praying a child protection worker goes to hell, kinda like Art Bell at times.

Shortwave Radios = Freedom ,everybody should have one
